

## HOTSPOT POLICY

### **Purpose**

In fulfilling the library's mission to provide access to information and educational resources, Marion Community Library lends mobile wireless hotspot devices to library patrons through our hotspot lending program.

### **Devices**

The Devices are Franklin T10 hotspots. They provide unlimited 4G internet access. Each hotspot can connect up to 15 Wi-Fi-enabled devices. These devices have no filtering software installed. Internet monitoring is the responsibility of the using patron (per the "*Device Loan Agreement*").

### **Checking Out Hotspots**

- Patrons 18 years or older, in good standing, and with a valid library card (not applicable with Guest Library or TexShare Library cards) may check out hotspots.
- Patrons must provide a photo identification card.
- Patrons must read and sign the Marion Community Library's, "*Device Loan Agreement*".
- Only one hotspot at a time can be checked out per family.
- At checkout, patrons will receive the Franklin T10 hotspot, USB Type C Charger, instruction card, and case.
- Devices not returned by the specified due date can be blocked so they can no longer be used. Once returned they can be unblocked to allow data and be ready to check back out.
- Hotspots must only be returned at the library's circulation desk when due. Returning Devices to the library's outside book return is not allowed. It leaves the Devices vulnerable in a non-climate controlled environment.
- Prior to check-in, the contents of the hotspot case will be inventoried to ensure the check-in is complete (no items missing).

### **Hotspot Fees**

Missing Parts Replacement Costs:

- Hotspot Device: \$57.00
- USB Type C Charger: \$9.00
- Hotspot Case: \$9.00
- If all components of the mobile hotspot kit are not returned or are found to be damaged beyond repair, patrons will be charged a \$75.00 replacement fee.
